

MRTC is the longest running local music cable access show in the Twin Cities. This show has seen its ups and downs but it has survived the test of time.

We are excited to announce Jet Blast Media & MRTC's new affiliation with the artists @ Piratek.com! The combined experience & vision promises to transform MRTC into a brand new rock-n-roll animal.

With a new buzz, a new drive, and new talent we will rock this city and change the way you think about local TV.

The time for sponsorship is now because you're going to want to say "I was there when it happened" before we BLOW UP the scene. We need each other to survive and we need your support.
